Enrichment Plan Canal Point School

A Summer Enrichment Program for the children of Canal Point will be held at the Canal Point School under the sponsorship of the State Board of Education in cooperation with the County Board of Public Instruction.

Children ranging in age from those old enough to enroll in the first grade next school year up to 16 years are eligible to participate in the program, which starts June 17 and ends July 29, with activities scheduled for each day, Monday through Friday, from 8 a. m. to 3 p. m.

Mrs. Charlotte Walston and Mrs. Alma Burr will serve as directors of the program. Mrs. Burr will teach arts and crafts and direct recreational activities. Mrs. Walston, who is starting her third year as director, will have charge of the library, supervise the showing of motion pictures in the afternoons and plans to organize softball teams made up of boys of the fifth, sixth and seventh grade.

There will be a story hour every afternoon for the younger children, and swimming classes will be organized if parents cooperate by furnishing transportation to and from the Pahokee swimming pool.

Remedial reading classes for Canal Point children, as well as for children of other Glades schools, will be held at the Pahokee Elementary School.

Remedial Reading At Pahokee School

The Pahokee Elementary School has been chosen as the summer remedial reading center for all schools in the Glades area, according to Principal Herman Austin.

The remedial program, under the direction of Mrs. Evelyn Leair, will be available only to students of First, Sixth and Ninth Grades, which are the grades where the need for remedial reading is considered the most urgent. The program is scheduled to last for six weeks, starting June 17 and ending July 29. Each Palm Beach County school in the Glades area will be given a quota of students to participate in the program, the students to be accepted only upon recommendation of the school principals and consent of the parents.

Summer programs in recreation, band instruction, science, arts and crafts are also being planned for Pahokee schools for the same six-week period.

Make your dream house come true! It's easy
—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative continuously when held to maturity

—the few dollars saved from your pay each week soon grow into big savings amounts. For instance, if you save just \$10.00 a week for just five years you'll have \$3,250.00 cash. In 9 years, 8 months, you'll have \$7,227.20!

So don't let down payments get you down. Meet your needs fearlessly this way: more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. That's how to make your dreams come true!

* * *

If you want your interest at current income, call your bank about Series EE Bonds, which pay interest annually by Treasury check.

Choose your own savings goal

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 9 years and 8 months, save.....	\$2.20	\$10.75	\$48.00
Each week for 19 years and 8 months, save.....	\$2.75	\$7.49	\$50.75

With about eleven times a few typical examples of savings goals and how to reach them through Payroll Savings Plan today, you can save for your dream house or any large purchase. See your pay office or nearest U.S. Savings Bonds office for more information.

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is systems. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week for 5 years and you'll have Savings Bonds worth \$2866 in cash; in 20 years, \$6662.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

Christian Science Group Of Canal Point

The spiritual foundation of the universe including man will be emphasized at Christian Science services Sunday in the Lesson-Sermon "God the Only Cause and Creator." Opening selections from the Bible will include this verse from Isaiah (46:9): "Remember the former things of old: for I am God, and there is none else; I am God, and there is none like me." A correlative citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (331:8-24): "God is individual incorporeal. He is divine Principle, Love, the universal cause, the only creator, and there is no other self-existence. He is all-inclusive, and is reflected by all that is real and eternal and by nothing else. He fills all space, and it is impossible to conceive of such omnipresence and individuality except as infinite Spirit or Mind."

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$50,000.

Now even better! Invest more in Savings Bonds!

Co. Board Refuses Red Light Removal

The county commission this week refused to go along with a state road department recommendation to remove a traffic signal at the intersections of State Road 80 and State Road 7.

Lead by Chairman Paul Rardin, the board agreed to accept recommendations for installation of "reduce speed" signs from all approaches to the intersection and installation of small blinkers to call attention to the intersection.

The road department recommended removal of a traffic signal and its replacement by a large red flashing beacon.

The intersection has been the scene of three bad traffic accidents since the first of the year.

In other actions this week the commission:

Received a resolution from the South Bay Lions Club calling attention to the bad condition of U. S. Highway 27.

Took under consideration a request from the City of West Palm Beach for county aid in a proposed joint project to widen Forest Hill Blvd.

Instructed the county engineer to study possibility of a contract with the Florida Power and Light Company for lighting all four-lane highways in the county-highways which have parkway separations.

Voted a letter of appreciation to H. N. Kirkman, director of the Florida Highway Patrol for sending eight additional state troopers to Palm Beach County to help patrol highways.

Voted to help the Palm Beach County Cattlemen's Association stage a state convention at West Palm Beach in June.

Approved the appointment of 10 contractors on a temporary basis in order that a new county contractors licensing operation can get underway.

Voted to cooperate with the Broward County Commission in replacing a bridge across the Hillsboro Canal at the county line, a bridge which was destroyed by fire.

Beauties To Vie For Florida Title

SARASOTA—The Miss Florida Pageant of 1960 will see three repeat contestants.

According to Miss Lenora Slaughter, executive director of the Miss America Pageant, this is not an unusual situation and one actually to be encouraged. She feels that the more experience, a girl can get, the better will become her qualifications for a state queen.

For instance, Marion McKnight, Miss America of 1957, tried twice to win the Miss South Carolina Pageant before she succeeded. Once she represented her college as campus queen, once the town in which the college was located, and finally her own home town.

This year, Judy Bradley, a Miss Florida Pageant finalist in 1958 as Miss Lakeland, will return as Miss Orlando, sponsored by the Jaycees. Carolyn Bagg, last year's Miss St. Petersburg, is now Miss University of Florida, chosen recently at Silver Springs, and sponsored by the student body.

Sandee Noel, Miss West Palm Beach last year, is now Miss Palm Beach, sponsored by the Fraternal Order of Police Lodge No. 19. So far 31 organizations have indicated participation in the Pageant here June 21-25.

Rotarians Hear Phil D. O'Connell

Members of the Pahokee Rotary Club held their annual ladies' night banquet and program in the social hall of the Elks Club Friday night, with their wives, the Rotary Anns, attending as guests. State Attorney Phil O'Connell of West Palm Beach was guest speaker. President C. E. (Bill) Williams was in charge of program arrangements.

Many Prize Winners Street Dance Has

At the street dance sponsored by the mothers of the Pahokee High School seniors prizes were won by Jack Gorham, a gun; Mrs. Joe Hatten, Sr., typewriter; Joe Gentry, camera; Perry Hal, transistor radio; and Earl Vann, two wrist watches. Proceeds from the dance will go toward paying the expenses of a trip being planned by members of the PHS graduating class following commencement exercises.

Two Airlines Plan Merger In Miami

MIAMI—A proposed merger between two airlines serving Florida has been announced by local sales managers for the airlines.

The merger would combine Trans World Airlines and Northeast Airlines. TWA serves Tampa and Miami with connections to the Midwest and California. Northeast serves the two cities, as well as Jacksonville, with connections to Washington, New York and New England.

The announcement followed a meeting of Northeast's board of directors and is being studied by TWA officials. It would be subject to approval by the Civil Aeronautics Board, Security and Exchange Commission, senior creditors and stockholders of the two airlines.

To Pay Or Not To Pay Migrant Bills

Responsibility for care of medically indigent workers who do not meet requirements for receiving welfare aid, was argued by the county commission this week.

The debate was touched off when a bill was presented for payment for hospitalization of migrant workers not in the county long enough to meet welfare department residence requirements.

County Commissioner Kenneth Foster said if workers are invited here to help harvest crops, then it was a county responsibility to take care of them.

Commissioner Roy Michael, Jr., disagreed, saying if the board approved the bill — "it will open the door" for similar bills. He said other nearby counties will not allow such payments.

The board referred the bill to County Attorney Harry Johnston for a written opinion as to the board's responsibilities in the case.

County Commissioners last week made plans for a conference with West Palm Beach city officials for further planning for construction of State Road 9 through Palm Beach County.

The county board instructed its engineering department to make final right of way checks for the road and also to lend a hand in helping plan railroad crossings for the extension of 12th Street in West Palm Beach.

In another item, the commission learned that plans for a new approach to Flagler Memorial Bridge in West Palm Beach are now being checked by the county engineers' office and a title search for needed right of way has been started.

Miss Corrine Collins Honored At Party

Miss Corrine Collins, bride-elect of Cadet Martin William Carey, was honored at a miscellaneous calling shower at the home of Mrs. Lloyd Hundley, with Mrs. I. M. Lair, Mrs. Claude Padgett, Mrs. E. F. McIlwain and Mrs. Hundley, hostesses.

The table, laid with a rose lace cloth, was decorated with arrangements of lilies and other white blossoms and lighted with white tapers in silver candelabra. In the receiving line with the honoree was her mother, Mrs. L. Minter Collins and Mrs. Hundley.

Mrs. Billy Turbeville was at the guest book and Mrs. Chester Mullis poured at the punch bowl. Approximately 125 guests attended.

CAMPING TRIP

Pahokee Girl Scout Troop 38 at the regular meeting made plans for a camping trip on the Lake Okeechobee levee Saturday, June 11. The Scouts will assemble at 2 p. m. for the trip. At the camp there will be swimming, a picnic dinner and a camp fire program, according to Elaine Salvatore, troop reporter. Guests will be invited.

Public Information Center In Miami

MIAMI—The Florida Poll, first statewide poll to provide public opinion information on a basis similar to that of several nationwide polls, has been inaugurated by a Miami-based market and economic research firm.

First Research Corporation will report the results of their first poll, concerning the opinion of the Florida public on election and political matters, in the Miami Herald and St. Petersburg Times.

First Research Corporation has, in addition to The Florida Poll, carried out research and business consulting assignments for firms and governmental groups in the U. S. and the Caribbean area. Philip W. Moore is president of the firm.

ANNUAL PLEDGE SERVICE

The Pahokee Methodist Woman's Society of Christian Service will conduct its annual pledge service and installation of officers at the church Monday, June 6, at 8 p. m. The Rev. Clare S. Hall will serve as installing officer.

Band Banquet Is Held Friday Nite

Paul Yoder of Fort Lauderdale, renowned composer and arranger of band music, was guest speaker at the annual banquet for members of the Pahokee High School Band held Friday evening, in the Community Building at Canal Point under the sponsorship of the Band Parents Association, with Robert O. Lampi, treasurer, in charge of arrangements. The presentation of the annual awards to band members, which is usually one of the highlights of the banquet, had to be postponed, as the medals have not yet arrived. Approximately 60 band members and guests were present.

HONOR MISS ECHOLS

Miss Betty Echols, Pahokee High School graduate, daughter of Mr. and Mrs. L. D. Echols of Pelican Lake, has been awarded a gold cup trophy for being named the "Outstanding Independent Girl of 1960" at Mercer College, Macon, Ga., where she is a senior. She also has received a certificate, designating her the outstanding business education student in the college.

An end-of-the-year party and picnic for the pupils of Mrs. T. E. Pennington's nursery school was held in the city park with Mrs. Pennington, hostess. She was assisted by Mrs. Leland Keene. A gift was presented to Mrs. Pennington by the mothers of the pupils.
